

Nobody Fights Alone

Ovarian Cancer Update Webinar September 21, 2023 . 5:30pm

For women at risk, in treatment, and those caring for someone undergoing treatment

Wellness Beyond Your Treatment, Where Survivorship Begins- Whit Hargrave, BSN, RN -GSK

Wellness Beyond Your Treatment, Where Survivorship Begins will address the overall wellness of patients diagnosed with cancer & undergoing treatment. It touches on the things that are supportive mentally, physically & emotionally for patients at multiple steps throughout their treatment journey. This presentation will benefit both patients & the caregivers that support them.

Caregiver Connection- New Support Group for Spouses/Partners of GYN Patients- Mark Driskill, LICSW. PIP, Therapist

Caregiver Connection is a support group specifically designed for spouses/partners of women battling ovarian and gyn cancers. This group is intended to provide information and answers to help you help your loved one as she adjusts to life after a diagnosis. Caregiver Connection also provides an opportunity to connect and share with others in like situation. This support group is a friendly space for partners to discuss the unique challenges of supporting and caregiving for a partner going through cancer, while also caring for a family

Just A Need- Patient Support Program Erica Thomas- Program Founder

Dealing with an ovarian cancer diagnosis is difficult for everyone involved- patient, family, children and caregivers. From the moment you or your loved one is diagnosed, you and your family will experience an entire range of emotions. Just A Need is here to support the physical and emotional needs of ovarian cancer patients, their families, and survivors.
